**Form Required (Please check one box):**

- Fire Flow Availability [ ]
- Will Serve Letter [ ]

---

The following checked documents must be completed and submitted to Suburban. City and County forms must be signed and dated.

- Please complete any missing information and submit this form.
- Site plan showing property lines, street, existing, proposed and new structures.

For **projects in the City of West Covina** (form enclosed if checked):

- City of West Covina Fire Department Form for single family dwellings, Part I, OR
- City of West Covina Fire Department Form for all buildings other than single family dwellings, Part I

For **projects in all other Cities** (form enclosed if checked):

- Los Angeles County Fire Department Form 195, Part I, for residential R-3 or
- Los Angeles County Fire Department Form 196, Part I, for non-residential

---

**Note to Applicant:** Please call (626) 543-2500 for the Suburban Engineering Department Secretary if you need assistance in completing this form. If you have to leave a phone message please leave the service address so we can reference your project and a phone number. Suburban will perform the fire flow test as soon as the schedule permits, please do not call to check on the status of the test. Repeated calls for progress updates take Suburban's representatives time away from completing your require forms and will delay your project. Suburban will complete, sign and mail the original Fire Flow Availability or Will Serve Letter to the applicant address information entered above. Delay in submitting or submittal of incomplete entries on required documents will delay completion of your flow test or letter preparation.
